

Marlon Dias

Conversion-Focused Web Designer • UX/UI • CRO • Performance Optimization

Rio de Janeiro, Brazil • +55 21 96993-5563 • marlonnewbay@gmail.com

• **Portfolio:** <https://fyw.com.br/> • **LinkedIn:** <https://www.linkedin.com/in/marlonwebdesigner/>

Value Proposition

I don't design websites. I build conversion machines.

With 10+ years of experience, I specialize in turning slow, underperforming pages into fast, scalable, high-converting assets. My work combines UX/UI, CRO, and technical execution to directly impact revenue, lead quality, and user engagement.

Core impact:

Faster websites, higher conversion rates, better-qualified leads, and measurable growth.

Selected Impact & Metrics

- Improved website performance by up to **50%** (Globalfy redesign)
- Achieved **93–95 PageSpeed scores** across 20+ high-traffic pages
- Contributed to **record-breaking monthly sales** through website-driven funnels (2024)
- Increased email open rates by **82%** and improved CTOR across campaigns
- Delivered **20+ high-converting landing pages** optimized for paid traffic

Experience

Beta Online — Senior Web Designer (2025)

- Owned UX/UI and performance optimization across Curso Beta, Firepay, and Hotwebinar ecosystems
- Designed and deployed high-conversion landing pages for marketing funnels
- Increased conversion rates through speed optimization and UX improvements
- Built scalable design systems for continuous campaign deployment

Globalfy — Senior Web Designer (2023–2024)

- Led full redesign of a multilingual website (EN/PT/ES)
- Improved performance by 50%, reducing load times and bounce rates
- Built conversion-focused landing pages driving consistent monthly lead growth
- Direct contribution to recurring revenue growth via digital channels

DX — Web Designer (2017–2021)

- Designed and optimized conversion-driven landing pages and funnels
- Improved email marketing performance (82% OR increase, higher CTOR)
- Supported growth in sales and lead acquisition through UX improvements
